Will the legislation have a major impact on existing City appropriations, fiscal liability or revenues? Yes ☒ No _____

If the legislation will not have a major fiscal impact, explain briefly the reason for your conclusion.

If the legislation will have a major fiscal impact, explain briefly what the effect on City costs and revenues will be and include factors which could lead to significant additional expenditures in the future. Be as specific as possible. (Continue on second sheet if necessary)

While this appropriation is a significant one in both dollars and scope, it is reasonable to assume that delay of this expenditure will have an even greater fiscal impact on the City, through lost revenues and costs which would ultimately be higher due to inflation.
